Through the providence of God, the help of volunteers from different parishes, and the work of the formators and seminarians, we have been able to renovate different spaces of the seminary. These projects help the seminarians to see the connection between prayer and work, which is a help for their formation. Also, through beauty, we are able to have an encounter with the Lord and to experience his love.

# FAMILY FESTIVAL

On May 28th-30th, we had the joy to be with many brothers and sisters from many parishes of the Diocese at the Seminary Family Festival. Even the Bishop joined us! This event began with the crowning of the Virgin Mary. We continued with a procession to the Virgin Mary garden. Throughout this weekend, there was lots of food, live music, live scenes of the mysteries of the life of Christ, and above all communion. We thank all those who made this weekend possible, as well as to all those who participated in it.
