Institution to the Ministry of Lector of Matthew Biaggi

On June 19th Most Rev. Bishop Edward J. Burns instituted one of our brothers, Matthew Biaggi, to the ministry of Lector. Matthew has been entrusted with the service of proclaiming the Word of God within the liturgical celebrations. Moreover, he is called to have a deeper relationship with Scriptures, meditating constantly on them. The liturgical celebration was followed by a dinner in which all of us shared the joy of Matthew's institution as a Lector. We keep him in our prayers as he continues his formation toward the priesthood.

 SEMINARY OF DALLAS

YEARS

The convivence of the young men, aspiring to enter the Redemptoris Mater Seminaries around the world, took place on September 10 through the 15th at Porto San Giorgio, Italy. At this convivence, over 180 young man offered their availability to follow the Lord anywhere in going to any seminary around the world. They are then selected by lot, putting their life in the hands of the Lord. Marcos Narvaez, who is originally from Houston, TX., was assigned here in Dallas.

There are now 26 seminarians from 8 different countries in formation in the seminary.

Welcome Marcos!

"From among them I will take Priest for me."

Another school year has begun. 23 seminarians are now receiving their intellectual formation at the University of Dallas. 11 of them are taking Theology courses as a part of the Masters of Divinity program. The other 12 seminarians study philosophy. The intellectual formation is very important for us, since it gives us a greater understanding on why the Church has a mission for our modern society and in what way we play a part in that mission as future priests.

Dinner with the Volunteers

On June 14th, we enjoyed a meal with all the brothers and sisters who volunteered at the Family Day Festival of 2019. Through them, all of us experience the love and providence of God, who inspires many people to help the formation of Priests in whatever way they can. We are very grateful to all those who helped in the festival.
